INDEPENDENT FUNERAL DIRECTORS

Non Attended Cremation

This is sometimes known as a 'Direct Cremation' and is simply the provision of a low cost, unattended cremation without a service or mourners in attendance at the crematorium.

Please note: We carry out our Non Attended Cremations at Seven Hills Crematorium. This will be at a time and day to suit our operational needs. We will inform you of the day that this will take place, but not the time.

You will be able to visit your loved one in our care at the funeral home by appointment and you may select the clothing you wish them to be laid to rest in.

This is not something that all funeral directors provide.

When choosing this option, please note that no mourners, no music and no words will be allowed.

We travel to the crematorium with your loved one placed on our hearse. We feel this is respectful and very dignified. Again, this isn't something that all funeral directors will do.

This is an inclusive option and includes:

- Our professional fees
- The York coffin (you are able to change coffin style if you so wish)
- The crematorium fee

Total cost for this option is **£2,250**

- Bringing your loved one into our care outside of working hours (Monday to Friday 9am-5pm) and Bank Holidays £245
